[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO DEC. 7

EASTERN STATES.

Movements of Alexis.

PHILADELPHIA, Dec. 5.—Alexis left for New York after visiting the Methodist Fair.

Missouri Politics.

ST. LOUIS, Dec. 5.—The Republican State Committee met here to-day, and passed resolutions inviting the Liberal Republican Committee to join them in a call for a State Convention. The invitation was accepted, and the two committees then met in joint session and unanimously adopted a resolution for a State Republican Convention to be held in Jefferson City, February 22d.

Statue of Franklin.

NEW YORK, Dec. 5.—The bronze statue of Franklin for Printing House Square has been completed.

New York News.

NEW YORK, Dec. 6.—In the Ingersoll case the papers have been returned by the sheriff endorsed, "Defendant cannot be found." The sheriff was closeted with Mayor Hall yesterday a short time. The sheriff and Hall are on intimate relations, and the former, although opposed to Tammany, has been connected with friends of the Ring in various ways since the commencement of legal proceedings against them.

At a meeting of the regular Republican Central Committee last evening, resolutions were adopted that no more propositions of affiliation be made to the Greeley wing.

At the annual convention of Methodists at Syracuse yesterday an animated debate upon the subject of the Bible in public schools took place, in which a determination was evinced that its being read should be continued. A resolution passed unanimously urging on the Legislature the passage of a law forbidding the use of public money for sustaining sectarian schools or institutions.

Explosion at Chicago.

CHICAGO, Dec. 6.—A large distillery on Third Avenue exploded yesterday, completely demolishing one side of the building and instantly killing one man and frightfully injuring two others. A small dwelling adjoining was badly damaged, but the inmates escaped uninjured.

An unknown woman was frozen to death in the yard of a house at No. 384 Fourth avenue, on Monday night, while intoxicated.

Extreme cold weather has prevailed all over the Northwest for the last three days. It is more moderate here to-day, with a light fall of snow this forenoon.

WASHINGTON CITY.

Congressional.

WASHINGTON, Dec. 5.—In the House Farnsworth, from the Postoffice Committee, reported a bill to revise and amend the statutes relating to the Postoffice Department. The reading of the bill was interrupted by the expiration of the morning hour.

The House went into Committee of the Whole on the President's message. The annual resolution for distributing portions of the message to appropriate committees was offered by Dawes, and adopted.

A motion to refer the President's recommendation as to the union of the telegraph system and postoffice department to a special committee elicited a long discussion, which was participated in by Randall, Farnsworth, Niblack and Brock, in opposition to the project and by Dawes in favor. The subject was finally referred to the special committee.

Other Washington News.

WASHINGTON, Dec. 5.—The annual session of the National Council of the Union League will be held at Philadelphia, Wednesday on December 13th.

The report of the Southern Claims Commission will be submitted to Congress next Monday. About 600 cases have been concluded, three-fourths of which are in favor of the claimants, though the aggregate amount is reduced from one million six hundred thousand dollars to less than five hundred thousand.

MEXICO.

Progress of the Insurrection.

NEW YORK, Dec. 6.—A special dispatch from Matamoras, Mexico, December 5th, says the rebel General Trerena has taken Saltillo, with heavy losses on both sides. The Government troops still hold possession of the French fort and the outskirts, but the rebels control the position from two points. Its surrender is hourly expected.

Quiroga, the rebel commander, is organizing at Monterey for further opposition. Corlena, the Government commander, still waits the result of Trerena's movements. Quiroga, Government commander here, conceals all news. This is considered unfavorable to the Government. Telegraphic and mail communication with the interior is entirely suspended.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Dec. 6.—The Moses Taylor is laid up for repairs and the Colorado will sail in her place for Honolulu, carrying Australian and New Zealand mails on Friday or Saturday.

The new Board of Fire Commissioners organized by the choice of B. H. Freeman, President, and John P. Shine, Secretary.

Coming in—steamer Ajax from Portland.

Gold, 109¾; Bonds, 110¾@114¾; Sterling unchanged; Greenbacks, 90¾; selling, 91¼.

SAN FRANCISCO, Dec. 6.—The dilapidated and wrecked creature who died in a drunken fit in the calaboose yesterday, proves to have been John L. Pennell, a few years since one of the leading lumber merchants of this city.

The entire assessment of the Occidental Insurance Co. being delinquent, the Company has ceased to issue policies.

Greenbacks are higher here to-day than ever before since they were first issued, gold being at the lowest point for six years.

Over four hundred soldiers have been under arms all day awaiting advices from Sacramento, and are expecting to start at a moment's notice to attend the inauguration. The order coming at the last moment to disband for the day, caused much disappointment. The order has now been given to start at 3½ o'clock to-morrow, unless otherwise directed, but the number turning out will be much less than it would otherwise have been. The McMahon Guards took a vote on going anyhow, and started via Vallejo. The Nationals and the Governor's Staff go to-morrow. Gen. Cobb and part of his staff, and Gen. Hewston and staff also left on the afternoon boat.

The Central Polynesia Land and Commercial Co., to operate in the Navigator Islands, capital $1,000,000, was incorporated to-day.

Leon Gasset, a native of France, died on the steamer Ajax as she was coming into port to-day from Portland.

A dispatch received here to-day says Louis F. Ireland, for many years a resident of San Francisco, and an amateur artist of fine tastes, died of consumption in New York a few days ago.

The Imperial Fire Insurance Company sues Leland & Wilcox, its late agents, for a balance of $300 charged to have been received and not turned over to the company.

Weather cloudy and warm with indications of rain.

INTERIOR CALIFORNIA DISPATCHES.

California Legislature.

SACRAMENTO, Dec. 6.—About fifty Republican members have signed a call for a caucus on the Senatorial question to be held Friday night.

Spencer, of Santa Clara, will be Chairman of the Judiciary Committee. No other reports of appointments can be relied upon.

Cole men are trying to prevent men from signing the caucus call, but with poor success.

At the election a few days ago in the District of Columbia, twenty Republicans and two Democrats were chosen to the House of Delegates. The loan of $4,000,000 for public improvements was carried by a vote of 14,612 to 1,199.

Mr. Paul Du Chaillu has arrived in New York from his recent trip to the northern parts of Europe. He returns in excellent health and spirits, and will soon appear on the lecture platform, for which he has numerous engagements.

THE TERRITORIES.

The assessable property of Walla Walla county amounts to $3,101,790.

The bill to divide Stevens county, W. T., and to organize Whitman county became a law.

Wood now sells at Walla Walla at from eight to twelve dollars a cord. How is that price for high?

The land disposed of at the Walla Walla land office during the month of November amounted to 7,074 acres.

The plat of Dayton, a town laid off on the Touchet river, on the road from Walla Walla to Lewiston, has been filed at Walla Walla.

There is a rumor that eight men were frozen to death near Fort Shaw, in Montana, on the 25th of last month. It is said the thermometer was 23° below zero.

From the Lewiston Journal: To the west of us, in Washington Territory, and about thirty-five miles from here, there is a large, excellent valley now called Dead Man's Hollow. It lies on the south side of Snake river, is well watered, and contains excellent arable land, and the surrounding plateaus and rolling hills are covered with the best of grass in abundance. It is a choice place for settlement.

NEWS CONDENSATIONS.

The Overland Monthly has no editor if we may credit the Morning Call.

John B. Felton has come actively into the Senatorial fight at Sacramento.

Cholera is raging fearfully at Delhi, India, and the number of deaths is frightful.

President Andrew D. White, of Cornell University, is on a tour, investigating the subject of the co-education of the sexes.

W. D. Wallach, formerly editor and proprietor of the Washington Evening Star, died at Culpeper, Virginia, on the 1st inst.

The average price of lumber in Chicago is $20 per M. The devastation of the northern pineries will render the supply short for the coming year.

Connolly, Tammany thief, at last accounts, was beginning to despair of getting bail, and would see none but his intimate friends. It is said that he will shortly make a full confession of all the transactions of the Ring.

The increase of population in the two Canadas, New Brunswick and Nova Scotia during the last ten years has been 365,265. Their entire population now is 3,484,724, which is a little more than that of the State of Pennsylvania.

POLITICAL NOTES.

"If the Democracy want a really passive candidate," says the Chicago Post, malevolently, "let us recommend General McClellan."

Connolly has been unable to give bail, and has been shoved into the Ludlow street jail in New York city. The Democracy are losing their leaders fast.

Governor Gratz Brown for President, and Gilbert C. Walker for Vice President, is the latest Presidential slate for 1872, brought out by a prominent Virginia paper.

Alexander H. Stephens, it is facetiously said, has aided the industry of his native State by making the need for two or three paper mills since he has taken to newspaper writing.

Official returns of the vote for Congressman at large in Illinois give John L. Beveridge 119,443, and S. S. Hayes 102,001 votes; Beveridge's majority, 17,442. The total vote is only about one-half that usually thrown.

The Lost Cause.

JUBAL A. EARLY'S ADDRESS BEFORE THE SOUTH CAROLINA SURVIVORS' ASSOCIATION.

In his recent address at Columbia, before the South Carolina Confederate Army Survivors' Association, Gen. Jubal A. Early said:

"We can all now see how our ancestors erred in not heeding the warnings of Henry, and Mason, and Lowndes, and how we erred in not beginning the struggle to regain our independence long years before we did; but it required sad experience to make this apparent to all of us—some saw it sooner, others later. None but a Virginian can fully understand the anguish with which the people of that State recognized the fact that the Union of their affections was gone forever. I must say that I fully sympathized with the people of my State in their anxiety to preserve the Union, and in the anguish with which they came to the conclusion that it must be surrendered. When I did come to that conclusion, I went into the struggle with my whole heart and soul; not merely because I felt it to be my duty to follow my State and my section, but because, also, I felt that the cause for which we were called on to fight was my cause as well as theirs, and because I believed it to be right, just and holy—and I then believed it had been so from the beginning. In that faith I have remained up to the present time, in that faith I will live and in that faith I will die, though might did prevail over right in the struggle. Never, during the progress of the war, did I upbraid any advocate of secession for bringing on that war; and now that our cause has failed of success, I would feel that I was unworthy to be called a man, could I be induced to cast the responsibility of the war on the original advocates of secession. During its progress the only reproach I had for any secessionist was when I found one who was not willing to fight for the cause he had advocated; and, I am sorry to say, there were some who were of that character. Now, when I see one who has turned renegade, and affiliated with the enemies of his people, I turn from him as I would from a loathsome reptile. * * * My comrades, much loose language has been used, by friend as well as foe, upon this subject of submitting our rights to the arbitrament of arms; but, in no sense can the Southern States be said to have submitted their right to withdraw from the Union to any such arbitrament. They exercised that right which was theirs, and tendered a peaceable settlement of all the questions growing out of their withdrawal. A war of invasion and coercion was most unjustly and ruthlessly waged against them, and they resorted to arms to defend their rights, their country, their homes, their all against the sword, robbery and fire, combined, all of which were employed by the spoiler. The result of the war settled no queston of right, but merely furnished another instance of the fact that in this world truth and justice do not always prevail, and that might is often more powerful than right."

Frightful Accident near Olympia.

The Olympia Tribune of the 4th inst. contains the following terrible recital:

From Mr. Hood, who returned last night from a journey over the stage road, we obtain the particulars of a terrible event, involving the loss of three lives, which occurred at Hereford Swamp, near the Halfway House, at 11 o'clock yesterday morning. Mr. Thornton was burning down a large tree near his dwelling; seeing it about to fall upon his house, he ran in to rescue two children, whom he barely had time to reach when down came the tree upon the devoted house and its occupants, instantly killing the father and two children and crushing the house into splinters. The three bodies were taken from the ruins horribly crushed into an undistinguishable mass of blood, bones and flesh. It is the most heartrending event that has ever occurred in that vicinity. Mr. Thornton was well known to many of our readers as an industrious man and good citizen.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

WASHINGTON CITY.

Congressional.

WASHINGTON, Dec. 6.—The Republican Senatorial Caucus this morning appointed the following committee to report changes in the standing committees: Messrs. Buckingham, Sawyer, Pomeroy, Frelinghuysen and Ferry. The opinion prevails that the only changes to be made are the placing of Morton as Chairman of the Committee on Foreign Relations and transferring Cameron to that of Elections and Privileges.

The Senate, after ineffectual efforts to take up the General Amnesty bill, received a message from the President transmitting concerning Catacazy, and went into executive session and shortly afterwards adjourned.

In the House, Kelly, Hooper, Conger, Lynch, Perry, Willard, Wood, Marshal and Holman are announced as a select committee on the reorganization of the civil service.

Capt. Jas. F. Armstrong is ordered to duty as executive officer at Mare Island Navy Yard.

The following nominations, among others, were sent to the Senate to-day: Collectors of Customs, Frederick Drew, for the District of Puget Sound; Geo. A. Edes, for Alaska; Willard Warner, for Mobile; and Chester A. Archer, for New York. Assessors of Internal Revenue, Jas. Coly for Utah, and Wm. L. Warning for New Mexico. Collectors of Internal Revenue, A. King for Nevada. E. W. Bonnott, of Indiana, Governor of Idaho; Marsh Geddings, of Pennsylvania, Commissioner of Agriculture; Geo. Bancroft, of New York, Envoy Extraordinary and Minister Plenipotentiary to the German Empire. Consuls, S. G. Griffin, of Kentucky, at Copenhagen, and Weston F. Lint, of Missouri, at Chin Kiang.

Stevenson, of Ohio, offered a resolution, by the Ku Klux Committee, to-day, to extend the time in which the habeas corpus may be suspended and to make every Ku Klux and every member of any other treasonable conspiracy responsible civilly and criminally, for the acts of his fellow members. The resolution was laid over for future consideration.

The House resolution was adopted that the Railroad Committee inquire into the expediency of connecting Lake Michigan with the Mississippi river by a canal.

Banks offered a resolution calling on the President for instructions to the Naval commanders in Cuban waters, for the protection of American property and the maintenance of the dignity of the American flag; for information on the recent executions in Havana, and in relation to the failure of Spain to carry out her promised reforms in the West Indies. All were adopted.

A resolution was adopted calling for a copy of the proceeding of the Military Committee in the case of Gen. Buell.

Butler objected to the introduction of the resolution and called on the President for information on the raising of South Carolina troops.

The House went into Committee of the Whole on the Apportionment bill, reported at the last session. The bill provides that after March 3d, 1873, the House shall consist of 281 members. It gives California four members, Oregon one, and Nevada one. The second and third sections, providing for additional members in the 42d Congress, was struck out. Without disposition of the bill the House adjourned.

Miscellaneous Eastern News.

NEW YORK, Dec 6.—It is generally credited that ex-Judge Pierrepont will succeed Secretary Fish and that George H. Williams, of Oregon, will succeed Attorney-General Akerman.

The following official letter explains the position of the Western Union Telegraph Co. in relation to the postal telegraph scheme:

To Hon. Jas. B. Beck, Washington: You are reported in the morning papers as having stated in the House yesterday, that the Western Union Telegraph has opposed the assumption of the Telegraph by the Government before last Congress, and that you understood it to have changed position now. Permit me to assure you that you have been misinformed. The Western Union Telegraph Co. is inflexibly opposed to any interference of the Government with their business. The meeting of the Board of Directors was held this morning, and it was largely attended. A resolution was unanimously passed protesting against the right or policy of any acquisition of their property and rights by the Government. A committee consisting of H. F. Clark, A. B. Cornell, Edwin D. Morgan, Moses Rylor and myself were appointed to prepare and send to Washington, a protest against the suggested action of the Government to claim its protection against the policy of the establishment by the Government of competitive enterprises.

Grant's Message in London.

LONDON, Dec. 6.—President Grant's message is favorably received. The papers generally express satisfaction with the spirit in which he deals with the relations between the two nations, and the opinion is almost unanimous that the condition of the country was never more flatteringly exhibited. The Times on the President's message congratulates the American Government on the dexterity of its diplomatic representatives in Europe during the Franco-German war in preserving an impartial attitude without losing opportunity of displaying practical sympathy for both sides.

The Mace-Coburn "Mill."

ELEVEN ROUNDS FOUGHT—THE FIGHT DECLARED A DRAW.

For the benefit of such as take interest in the manly exercises of the prize ring, we give the following, which is furnished by a dispatch from New Orleans, dated Nov. 30:

The Mace-Coburn excursion train left the Mobile railroad depot, foot of Canal street, at 7:10 this morning. The train consisted of ten coaches, carrying five hundred sporting men, a majority of whom were of the better class, including lawyers, physicians, bankers, merchants, etc. Among the prize ring notables present were Tom Allen, Sherman Thurston, Ned O'Baldwin, Tom Kelly, Jim Cusick, Jim Coburn and Pooley Mace. The train reached Montgomery Station, Miss., forty miles from New Orleans, at 10:25, and the ring was immediately pitched on high ground in the pine woods, about fifty yards from the railroad track, Jim Coburn superintending its construction. Coburn and Mace arrived on the ground in excellent condition, Coburn weighing 164 pounds and Mace 168 pounds.

At 11:30 Coburn entered the ring amid great cheering. A moment later Mace stepped in. Tom McAlpine and Larry Powers seconded Coburn, and Cusick and Tom Allen seconded Mace. Col. Rufus Hunt, of New Orleans, was elected referee, and the umpires were Al. Smith for Mace and Jim Coburn for Coburn.

After the usual preliminaries, time was called, and the fighting commenced at once. The first round lasted thirty-two minutes, at the end of which Coburn threw Mace.

Second Round—Nothing decisive; Mace again thrown.

Third Round—Sharp fighting; ending with both men down.

Fourth Round—Long sparring; no fighting. The referee said, "The people came to see a fight, and no fooling." The men then advanced, and Coburn got in a blow on Mace's neck, and Mace got in heavily on Coburn's left eye. First blood allowed for Mace.

Fifth Round—Savage fighting; Mace clinched and Coburn threw him over the ropes.

Sixth Round—Men clinched and Coburn threw Mace, falling heavily upon him.

Seventh Round—Hard fighting; Coburn forced Mace to the ropes and threw him.

Eighth Round—No fighting. Coburn threw Mace at the ropes.

Ninth Round—Some hard fighting. Mace forced Coburn to the ropes; both down.

In the tenth and eleventh round the men manifested a decided disinclination to fight, and after much sparring and feinting the referee ordered them to their corners and declared the fight a draw. The fight lasted four hours and ten minutes.

A dispatch from Washington says it is certain that Attorney General Akerman will soon be removed from office in order to promote harmony with other members of the Cabinet.

General John T. Wilder, formerly of the Federal army, has been elected Mayor of Chattanooga. Ten of his brigade of mounted infantry fired the first shots into that place during the war.

EVIDENCES OF
DR. ABORN'S SUCCESS
IN DISEASES OF THE
LUNGS, CATARRH, BRONCHITIS,
AND DEAFNESS.

The following is an extract from a letter just received by Dr. Aborn, from one of his patients:

Amity, Oregon, Nov. 29, 1871.

DR. ABORN—Dear Sir: I am happy to state that by following your directions and using your medicines for a few weeks after I came home, I find all my ills removed; my hearing continues good; my lungs, I believe, are sound and the catarrh is cured. My bronchial affections are better than they have been for ten years.

I am fully satisfied that no other Doctor could have saved me from Consumption, or cured me of my lung, bronchial affections, etc.

My deafness was cured in two days, lungs and bronchial affection in about four weeks. May you live long to bless the world by relieving suffering humanity.

Yours truly,
DAVID INGALLS.

Still Another Remarkable Cure.

A PATIENT GAINS 15½ POUNDS AND RECOVERS HIS HEALTH IN FOUR WEEKS TIME UNDER THE SKILLFUL TREATMENT OF DR. ABORN.

This is to certify that I have been afflicted for three years, and that I kept declining slowly until the latter part of last May, when I was taken down suddenly, since which time, as before, I could get no relief. My disease baffled the skill of every attempt, and only left me weaker, until death would have been a relief at many times. Four weeks ago to-night I placed myself under the care of Dr. Aborn, whose treatment gave me immediate relief, and I continued to gain so rapidly until now, after using his medicine only four weeks, I have gained fifteen and one-half pounds, and feel like a new man.

Yours truly, JAMES H. OG
Needy, Clackamas Co., Oregon, Nov. 8, 1871.

CATARRH & NERVOUS DEBILITY.

TO THE AFFLICTED:—I wish to say that I have been afflicted for about fifteen (15) years with Nasal Catarrh. Of late it affected my throat and lungs and prostrated my whole system, so that I was scarcely able to pursue any business. I had tried several physicians without deriving the least benefit. In this seemingly hopeless condition, I applied to DR. ABORN about three weeks ago, and placed myself under his treatment, and I am most happy to state that I found wonderful relief within five minutes after using his apparatus and medicines, and continued to improve. I am now cured of the cough and pains through my chest and body, and, in fact, both mentally and physically I feel like a new person. I have recovered from the nervous debility. The offensive odor from my head and breath, which was so annoying, has disappeared. I have gained about eight pounds in three weeks. The Doctor has accomplished more in three weeks than what I supposed was possible to have done in as many months. Truly, M. L. DEAN.

Land-Grabbing Rings.

No more marked political triumph has recently occurred than that achieved by Gov. Austin, of Minnesota. Two years ago he was elected Governor of that State by a very meager majority, and went into office with little popularity. But during his term he has stood up for the interests of the people against such rings as those which controlled the last Legislature of Oregon, and he is re-elected by fifteen thousand majority, a triumph altogether unprecedented in the history of the State.

Minnesota, as well as Oregon, had a grant of 500,000 acres of land from the General Government, besides swamp lands. Last winter a scheme was formed in the Legislature to share these lands among a ring of speculators. The ring embraced members of both parties. The bill, framed to suit the demands of a set like that which controlled the last session of the Legislature of our State, was put through the Legislature. It went to the Governor and was promptly vetoed. The consequence was that a fierce and unrelenting war was commenced by this ring and its retainers on Gov. Austin. But the people rallied around him, carried his nomination for a second term through the Republican Convention, and re-elected him by a larger majority than a Governor of the State ever before received. And the members of the former Legislature who had passed the plundering bills, almost without exception, were rejected by the people and left at home.

Thus the land-grabbers in Minnesota were rebuked, and the Governor who opposed and defeated their schemes was sustained by the emphatic voice of the people. There is room here for a suggestive parallel in connection with land-grabbing in our own State. Our last Legislature was under control of a ring like that with which Gov. Austin of Minnesota has made so successful a fight. The schemes which were cooked up and put through at Salem are too well known to require particular enumeration. But Gov. Grover was not such a man as Gov. Austin. The latter grappled with the ring and defeated it; the former made common cause with the ring and assisted it in the accomplishment of its plundering designs. Gov. Austin has been vindicated by the people of his State. Gov. Grover will not be. The defeat of the land-grabbing ring of Minnesota should be followed by the defeat of the land-grabbing ring of Oregon. And we believe this result will come.

Bridging San Francisco Bay.

The project of bridging San Francisco Bay so as to allow Central Pacific Railroad trains to run directly into San Francisco, avoiding the detention and expense of ferrying, is being much discussed by the press of that city. There is a variety of opinion as to the enterprise, but the weight of newspaper judgment appears to be in favor it.

The *Bulletin* and *Call* warmly support the project; the *Alta* as zealously opposes it. The *Call* puts the argument in this way:

> The question arises—Will San Francisco be permanently injured by the lack of enterprise on the part of our citizens? We have one hundred and fifty millions of dollars invested in real estate. Are we going to let the property depreciate on our hands? We say not. Upon the contrary, our citizens will build here a great city, and in fifteen or twenty years make this property worth double what it is now. We can afford, not only to bridge the Bay, but we can, if need be, construct railroads five hundred miles north, east, southwest from San Francisco, rather than see the city stop growing. Every property owner in San Francisco could afford to contribute one-fourth or one-third of all his real estate for the erection of bridges and railroads, rather than have his property depreciated on his hands. It is not a question of subsidy or anti-subsidy with San Francisco. Our citizens must, if others will not do this, make their own improvements. If efforts are made to injure San Francisco, let us put our hands to the wheel, and help ourselves. There is wealth enough here, if properly used, to protect the city. If we were to go ahead, and expend fifty million dollars within the next fifteen years, owning the roads and bridges which this money would build, the real estate in San Francisco would, within that time, rise in value to the amount of one hundred millions. Those persons who presume to throw stumbling blocks in the way of the future advancement of San Francisco will find, in the end, the uselessness of their exertions.

This view of the enterprise treats it as essential to the progress and prosperity of San Francisco. The *Alta*, on the other hand, protests that the bridge will greatly injure the harbor, and in this way will result much to the disadvantage of San Francisco. Its argument is that a vast amount of alluvial matter is constantly being discharged by the rivers into the bay, and that the bay must soon fill if the tidal current which carries the deposits out to sea is checked. To support the bridge will require one hundred and fifteen great stone piers or rocky islets, and each pier or islet will soon cause a bar on either side, one produced by the ebb and the other by the flow of the tide, and by means of these piers and bars the flow of tide water through the gateway which connects the bay with the ocean would be much diminished. The bar is already shoaling, its depth of water being three or four feet less than a few years ago. Besides, the city is constantly encroaching on the bay and tide lands in many places are being steadily filled in, so that the area of the bay is being sensibly diminished. All these causes operate to check the flow of the tidal current through the straits. Boston has been filling up and bridging her bay in this way, until the tides are checked and the bar at the entrance is so shoaled as to cause great embarrassment and expense. The *Alta* closes its argument thus:

> Professor Pierce, Chief of the United States Coast Survey, the highest hydraulic, hydrographic and scientific authority in the United States, expressed his opinion that every square mile of the water area of this harbor is required to keep the gateway open to the commerce of world, and that every square mile of water taken therefrom must necessarily decrease the force of the tidal current, and tend to shoal the water on the bar. What will be the use of locking the door of the barn after the horse has been stolen. Shall we build a bridge of sufficient capacity to accommodate steam and horse railroads, carriage and footways, at an expense of from $10,000,000 to $15,000,000, and find when it is done that we have made our own coffin? Let science rule once in our case, and we shall not have occasion to repent in sackcloth and ashes, as Boston does to-day.

A New Poem.

Longfellow is about to publish a new dramatic poem entitled "The Divine Tragedy." We are told that the "Divine Tragedy" is founded on the history of the "man of sorrows" as related in the artless narratives of the Evangelists, and aims only to reproduce, in the light of the imagination, the significant facts which form the gospel of Christian experience. The poet has performed his task in the "chaste and awful spirit of devotion." No presumptuous endeavor is made to adorn the severe simplicity of the venerable record with the graces of modern composition. The very words of the popular version have been retained, to large extent, and where their place is supplied by the language of the poet, the unity of spirit is preserved by the Scriptural cast of expression. A sacred antique flavor is thus imparted to the whole drama which betrays the air of "Jordan's groves of palm" quite as much as of the classic shades of Cambridge.

Specimens of the verse are given by the New York *Tribune*. That paper says that the publication of the drama will be an event in the literary world.

The British Debt.

The policy of the British Government that a national debt is a national blessing, appears to be undergoing a change, through the influence of the steady reduction of the debt of the United States. In the financial year ending on the 31st of March last, the sum of £9,480,311 was actually paid off on account of the national debt of Great Britain and Ireland. The Irish debt is very small—less than £38,000,000 sterling—but the remainder of £693,391,502 is due by Great Britain. The whole amount of the debt of the United Kingdom, funded and unfunded, at the close of last March, was £737,400,237, and the annual interest on this was £26,881,466. The national debt of the United Kingdom is principally made up thus: Three per cent. consols, £389,495,140; new annuities, £187,109,525; and three per cent. reduced, £101,579,729. In a few weeks France will have to pay over £40,000,000 as interest upon her much increased debt, as against about £27,000,000 now paid by England. Reduced to decimal currency, the debt of the United Kingdom is in round numbers $3,687,000,000, or nearly $1,400,000,000 greater than our national debt.

Of its bantling, the "passive policy," the *Missouri Republican* says: "It grows stronger every hour. The supreme object of the Democracy in 1872 is not to elect a ticket nominated by itself, but to defeat Grant at all hazards. A Liberal Republican ticket placed before the people in opposition to President Grant ought, in the nature of things, to be nominated by a Liberal Republican Convention, and Liberal Republicans ought to be intrusted with the championship of it." The *Republican* argues that by giving Democratic support to such a ticket there would be a chance for success. But this fine scheme falls at once to the ground, from the fact that there are no "Liberal Republicans," so-called, who want to give the country up to the control of "Democracy." Senator Trumbull's recent declarations show that.

Democrats have been asserting for a year that ex-Secretary May is a defaulter. Yet the authorities whose duty it is to do so have never demanded the sum from his sureties. The sureties are perfectly good and ready to pay whenever judgment is rendered; yet in the hope of having something to use in the next election Grover and his counsellors are keeping the affair back. That "capital" will do them no good. It won't keep. They could have had the money from the sureties long ago if they had done their duty by taking the proper steps to obtain it.

> We ask the OREGONIAN in simplicity and earnestness to tell us what Victoria Woodhull is to us?—What have we to do with her? And what business is it of ours whether her husband be her "affinity" or not?—*New Northwest.*

Candidly, we don't know. It was therefore all the more surprising to us that the *Northwest* should have gone out of its way to give an article that was tantamount to a defense of Woodhull, when the OREGONIAN spoke with proper severity of the bad doctrines of this bad woman.

T. B. Handley, Esq., has bought new material for his paper, the *West Side*. After this week that paper will appear in a new dress, and as Mr. Handley will devote all his time to it, we shall expect to see a journal that will be useful to the county and creditable to its publisher.

THE SCARCITY OF OAK TIMBER IN EUROPE. The New York Evening *Post* says: Oak timber is disappearing from Europe with great rapidity. France, with an annual production of 1,320,000,000 gallons of wine is especially injured by this change. In 1857 she imported 20,000,000 of staves; in 1866 she imported 63,000,000, at a cost of $9,000,000. Most of this timber came from Austria. France requires every year 1,500,000 cubic feet of oak timber for wine casks, 600,000 for her fleet, 150,000 for railway cars, and 750,000 for building purposes. In 1820 oak staves were worth six cents each of our money; in 1866 they were worth fourteen cents each. In 1820 the total value of imported staves was $4,000,000; to-day the total value is $30,000,000. A similar increase in the importation of oak for the next thirty years would probably double the present price.

France, after losing Alsace and Lorraine, contains 135,000,000 acres, of which 20,000,000 are covered with forests.

In Norway, the Central Administration of Forests declares that it is necessary to stop the cutting down of timber.

In France, since 1869, no oak has been felled until full grown; that is, until within thirty years of its probable decay. The consumption of oak timber in France has doubled during the last fifty years. In 1866 $50,000,000 were consumed, of which $3,000,000 were imported against $25,000,000 worth consumed in 1820, of which $2,000,000 were imported.

The same enormous consumption is going on all over Europe. France still possesses 20,000,000 acres of woodland, while Italy has 1,250,000 acres. England has no heavy timber but her traditional oaks, and her imports are twice as large as those of France. Her colonies furnish very little timber, a special restrictive law having been enacted in India, March 1, 1869, to preserve the forests from destruction.

Holland and Belgium are also nearly denuded of timber, and are large importers.

North Germany is rich in forests, but within half a century she has begun to cut down young trees, and is now importing from France.

Austria has sold her forests at auction since railways have been introduced.

Spain and Greece are almost absolutely woodless.

The German Government has just issued a decree creating sixty-three forest "administrations" in Alsace and Lorraine, each to superintend 14,000 acres of land, thus following up with vigor Napoleon's measures for preserving the forests.

Everybody says S. L. Stone is selling the best bit and two bit cigars in the city.

Work of every description in the house finishing line will be done at short notice to the best of satisfaction.

Failure of many of the most eminent physicians of San Francisco to cure a case of Rheumatism.—Triumph of the Unk Weed Remedy.

SAN JOSE, August 25, 1871.

DR. A. M. LOSYEA & CO.: This is to certify that I, the undersigned, have been sick for five years with Rheumatism, and have been treated for many ailments. My trouble has been weakness of the back and side, and wandering pains all over my body. I have been treated by many of the most eminent physicians of San Francisco, as well as of this city, but without any effect. At last I was induced to try your UNK WEED REMEDY, and the result was that after taking the contents of two bottles I found myself perfectly cured. To all afflicted with Rheumatism, I say TRY THE UNK WEED REMEDY, and you will be cured. Yours truly,

d4tf2p JAMES AHERN, San Jose.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

Snow Storms on the Plains—Stoppage of Trains.

The following dispatch was received this morning:

CORINNE, UTAH, Dec. 6.—A telegram from Medicine Bow this P. M. says: There is considerable snow between Rock Creek and Wyoming, and men have just began shoveling. They have been laying track around the wreck at Lookout all day. By working hard all day they will probably get trains through by morning. Weather cloudy with appearance of more snow. One west-bound passenger train is reported laying at Laramie three days, and another at Sidney four days. A desperate effort will be made to get them through.

WASHINGTON CITY.

Congressional.

WASHINGTON, Dec. 7.—In the House various bills were introduced and referred. The House took up the bill modifying the postal laws.

Senator Sumner presented a petition of colored citizens for a supplementary civilization bill. Tabled.

Pomeroy presented a bill to unite the postal and telegraphic systems.

Sumner gave notice of a bill to abolish the office of Commissioner of Internal Revenue, and to reduce the taxation.

The joint resolution for the arrest of recent witnesses in the North and South was called up.

The House without completing the reading of the postal bill adjourned to Monday.

The Senate at 2:10 went into executive session.

Miscellaneous Washington News.

WASHINGTON, Dec. 7.—The appointment of W. B. Irving as Register of the Land Office at Utah, is regarded by the Mormon delegate here as an indication that the Administration intends to modify its policy towards polygamy. Maxwell, former incumbent and now contestant for his seat as delegate, is active in his prosecution of Mormons, and was chiefly instrumental in bringing suits against their leaders. The Mormon question promises to become exciting in the present session. Senator Cragin revived his old bill to punish polygamy, while an enabling act providing for the admission of Utah as a State into the Union has been drawn up to be introduced in both Houses before recess. They will provide that from and after the admission of Utah marriages shall be governed according to the laws of the United States, but marriage relations as now existing in that Territory, shall not be disturbed.

A *Times'* special says a caucus of Democratic members of Congress is probably postponed till after the holidays. There has been an informal interchange of opinion on the course to be taken in regard to the next Presidential canvass. There is great unanimity in opposition to undue haste or any steps that looks like the surrender of the Democratic organization into the hands of the anti-Grant Republicans. Whatever may be the strength of the latter in the country it does not appear that a single one of 139 Republican members of the House is willing to announce opposition to Gen. Grant's re-nomination. There are, nevertheless, many who are at heart opposed to him, but they admit if he is the nominee of the Republican party they will be obliged to support him.

In the U. S. Supreme Court the case of George Chorpenning vs. the United States, appeal from Court of Claims, petition filed in court below to recover $174,170 37, alleged to be due appellant for services in carrying mails in California between the years 1851 and 1854, and payable to him as claimed by virtue of an act of March 30th, 1857, for his relief; the court finds that under the first section of that act the Postmaster General has exclusive jurisdiction and authority to settle and adjust claims. Having made decision and award thereon, which was accepted by claimant, the settlement was final, and the court of claims had no authority or jurisdiction to hear or determine the matter or correct or change the award of the Postoffice Department. Appeal from that decision was brought here and is now submitted on printed briefs, the court maintaining the judgment of the court below.

CHICAGO, Dec. 7.—A *Tribune's* Washington special says a paper requesting Secretary Fish to reconsider his determination to retire from the Cabinet, was drawn up to-day by Senator Edmunds. It was circulated in the Senate for signatures and most of the Republicans signed it, headed by Mr. Wilson. A number of Senators feel very confident that Fish will agree to remain. The secret of this movement in the Senate is general hostility to Pierrepont.

The statement concerning Akerman is this: The President and several members of the Cabinet would be pleased if he would resign, but of this there is little probability, though he has had several plain hints.

New York News.

NEW YORK, Dec. 7.—The fires at Portland, Me., and Concord, N. H., destroyed property to the amount of $40,000.

The Board of Health have information showing various tenement houses and cellars in this city to be untenable. The inhabitants are ordered to vacate them.

BY ATLANTIC CABLE.

French Affairs.

PARIS, Dec. 7.—The appointment of Jules Favre as Minister to the United States, is officially promulgated.

The *Figaro* says orders are issued to have vessels prepared for cruising about the coast of France, and represents that these naval preparations are taken to prevent what it calls another return from Elba.

WEST INDIES.

ST. THOMAS, Dec. 6.—The U. S. steamer *Nantucket* arrived here from Porto Rico, and Capt. Carpenter reports having had a conference with the captain of a Spanish man-of-war, who disclaimed any intention of molesting the steamer *Florida*, but expects to prevent her approaching the coast of Porto Rico and Cuba.

JACMAL, Nov. 22.—The crew of the *Hornet* threaten to blow her up rather than surrender to the Spanish authorities. The Haytiens sympathise with the crew.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Dec. 7.—The weather is warm and cloudy, with no wind. A dense fog is prevailing. The National Guard, Light Dragoons and Hussars, will leave for Sacramento by the river boat to-night. The University Cadets will go via Oakland and Stockton with a special train this evening. Many strangers are going to Sacramento to attend the inauguration to-morrow.

No Eastern mails for the last two days.

The California Prison Commission, in view of the extension of its sphere of action and public usefulness, will ask the Legislature for an appropriation to aid in carrying on its work for the ensuing year.

The Supervisors, in making out their committees, the Mayor having declined to appoint them, have so arranged that Kenny of the 3d ward, not belong on any committee at all, the only committee on which a member of the old ring is placed is that of Licenses and Orders, which is wholly unimportant.

Charles Brown, residing at Mission Dolores, while delirious from typhus fever, on Tuesday night, left his room and has not since been heard of. His friends offer a reward for his discovery.

The *Colorado*, for Honolulu, will be detained until Tuesday next, on account of non arrival of the Australian and New Zealand mails from England.

SAN FRANCISCO, Dec. 7.—The trotting race against time by Colonel William Dechor's mare Minnie Howard was on a distance of twenty miles. Time, 59 minutes 30½ seconds, giving her 29¼ seconds to spare. She could have gone over the ground in even less time. Her driver was Barney Rice. Considerable money changed hands on the result.

The Police Commissioners have appointed Michael Mitchell in the regular police force, and deprived officer Casey of ten days' pay for snoozing while he should have been patroling his beat.

Weather moderate; sky overcast with clouds; another rain anticipated. Thus far no new cases of small pox have been reported.

A sick man, a sailor, was found to-day lying insensible at the head of the stairs of the custom house. The unfortunate man couldn't get into the county hospital because had not been here two weeks, and no Consul would give him a permit to the Marine Hospital. He was properly cared for.

INTERIOR CALIFORNIA DISPATCHES.

VALLEJO, Dec. 7.—Captain Joseph T. Armstrong has been ordered to duty at Mare Island Naval Yard as executive officer. He relieves Lieutenant Commander Hopkins, who has been acting in that capacity for several months.

LOS ANGELES, Dec. 7.—A fire broke out this evening on the corner of Main and Twelfth streets. The origin of the fire is unknown, but supposed to be the work of an incendiary. The loss is one thousand dollars.

The Board of Supervisors yesterday appropriated two thousand dollars for the city fire department; also three hundred dollars for the Anheim fire department. This city gives three hundred dollars, which, with the two thousand voted by the Supervisors, will be used in the purchase of a first class fire engine. The city also appropriated one thousand two hundred dollars for an engine house and equipments.

Arrivals from Wallepedest, Arizona, say that miners from California and Nevada are averaging their thirty to forty dollars per day. San Francisco and other capitalists are investing in the mines.

UTAH.

SALT LAKE, Dec. 7.—The President's message receives the earnest commendation from all classes. Even the church organ approves a portion, but makes no reference to that upon Utah affairs. The general effect of the message is excellent among the Mormons. Few now express any hope for polygamy in the United States. Some cling to the belief that Congress may in some way relieve them. There is much surprise at the removal of Gen. Maxwell from the land office. Gentiles universally regret and Mormons rejoice over his removal.

Two severe shocks of earthquake were felt on the night of the 5th at Cedar City, Iron county. On the morning of the 6th another shock occurred, accompanied by a loud noise.

No mails or passengers from the East since Saturday last. Weather moderate.

The Elements of Intellectual Science. A Manual of Schools and Colleges; abridged from "The Human Intellect" by Noah Porter LL. D.

MRS. DUNIWAY'S LECTURE.—There was a larger attendance at Mrs. Duniway's lecture last evening than on any previous evening, showing how much more ready people are to countenance a "reform" movement when it don't cost a cent. Mrs. Duniway talked again, and talked better than before; but whether with any better practical results, we are unable to say. We think the general opinion prevails that Mrs. Duniway has acquitted herself, in these two lectures, in such manner as to do credit to her ability, whatever may be thought of her argument.

CATHOLIC LIBRARY ASSOCIATION.—The annual election for officers of this Society will take place, says the *Sentinel*, on the last Sunday of this month, at the Library rooms, and the first general meeting of the association takes place the Sunday following. It is expected that all members will take an interest in this beneficial institution and elect good and efficient officers to manage its affairs. All members of the association are respectfully requested to settle their accounts on or before the meeting of the society on the first Sunday in January, 1872.

AN IOWA APPLE.—Mr. Morgan, of Morgan Bros., floriculturists of this city, laid upon our table last evening an apple of the Talpa-hocking variety, that had come all the way the plains across, from Iowa—the first apple grown east of the Rocky mountains that we ever saw on this coast. It was packed in a box of seeds for the journey and was four weeks on the way, arriving in an excellent state of preservation. We grow much larger apples of the same variety, in Oregon, but we think ours are not quite so heavy as this one.

NOT ALTOGETHER SO PLEASANT.—The San Francisco *Golden Era* has this: "A pleasant rumor reaches us to the effect that the poet, Joaquin Miller, and his accomplished wife have been re-united in the tender ties that bound them to each other in former years, and that they will probably make San Francisco their future home." We can't say what may be the poet's intentions in regard to a "future home," but we can say, positively, that the "tender tie" portion of the *Era's* paragraph is wholly without foundation.

THEATRICAL.—Messrs. Lappeus & Knowles received a dispatch yesterday from Mr. J. McCabe, San Francisco, conveying the intelligence that George B. Waldron, a well known leading actor, would leave for Portland by the next steamer with a dramatic company to play through the winter at Oro Fino Theater. Mr. Waldron was well known here when he was very young in the profession, and is now ranked among the leading men of the Western stage.

JEWELRY STOLEN.—Last Sunday evening the house of Mr. W. H. Weed was robbed of all his and his wife's jewelry, amounting in value to one hundred and twenty-five to one hundred and fifty dollars. Suspicion has fallen upon a young man who had been occupying a room in the house and who left the city on Monday morning, and we learn that warrants on this and another charge, have been issued for his arrest.

AT THE SKATING PAVILION.—There was another immense crowd at the Pavilion last evening to see the skating and velocipede performances by Miss Carrie Moore. She astonishes and pleases all with her skill and grace upon skates and her velocipede riding shows the utmost confidence and excellent practice. She will appear again to-night and to-morrow.

A-DOOR-ED.—A man named N. Gartner was fined yesterday morning in the Police Court $25 for knocking a door into splinters, and thereby disturbing a party of bachanals. The door was Gartner's, and he thought he had a right to "bust" it, but the law and the Judge were against him—two against one—what chance had he?

A BEEF STEAL.—One George Brown, who is a late graduate of Bill Watkinds' institution, undertook to get away with a quarter of beef from Spaulding's market Wednesday evening. He was caught, however, and Judge Denny yesterday provided him with quarters in the county jail for a quarter of a year—quarter for quarter.

UPPER COLUMBIA.—We are informed that if the weather remains mild and a considerable quantity of freight arrives which is expected on the vessels now due, the Oregon Steam Navigation Company will probably send the *Owyhee* to Wallula one more trip, leaving Celilo about next Tuesday.

CARD.—At a regular meeting of Protection Engine Co. No. 4, held at their hall Thursday evening December 7th, a vote of thanks was unanimously tendered to Mr. Ely Morrell for his splendid present of a large and costly American flag.

R. D. McLERAN, Sec'y.

BLOODED STOCK FOR WALLA WALLA.—Mr. J. W. McGee, of Walla Walla, arrived by the *Oriflamme* from an extended trip to the Eastern States and Canada, bringing with him some blooded stock—sheep and hogs—which he will take with him to Walla Walla.

A LONG ARGUMENT.—The counsel in the case of the State vs. William J. Daly, charged with the murder of Richard Shorten at East Portland, occupied nearly the entire day yesterday in argument.

PERSONAL.—Mr. J. H. Mitchell, accompanied by his wife, will start in a few days for the Eastern States, where they propose to spend the greater part of the winter.

EAST PORTLAND MATTERS.

[From the Era.]

The Mite Society of St. David's Parish will meet at the residence of Dr. J. C. Hawthorne to-morrow (Friday) evening. All are cordially invited to attend.

Owing to the rapid rising of the Wallamet and the consequent amount of drift wood floating down the river, the ferryboat has ceased running after dark. We hear of no few complaints thereof, and have heard many not very pious anathemas hurled at the floating timber.

L. K. Morton, a former contractor in the improvement of J street in this city, has left for parts unknown. He departed indebted to different parties hereabouts between one and two thousand dollars, and seemed to have been actuated in the step he has taken to get away from his creditors, whom he could not settle with in a satisfactory manner. Then the feelings expressed by our citizens against all deficiencies of a like character since the absconding of Abbott and Lamb, may have been the cause of his sudden desire evinced by his departure for a more congenial clime, where duns are known no more and the weary are at rest. He seems to have lacked the necessary talent and energy to constitute him as a successful business man, and is said to have lost on all his contracts. He has heretofore been looked upon as an honorable man, and some express the belief that if he is ever successful he will return and pay all demands. Since he left, a few days ago, nothing has been heard from him. Next!

The Board of Trustees of the City of East Portland met at the Council Chamber pursuant to adjournment.

Present—Messrs. Lane, Tibbetts and President Hawthorne. Absent—Messrs. Heiple and Loryea.

The petition of F. M. Minning, E. L. Quimby and others, asking for the passage of an ordinance to prevent hogs from running at large, was read and placed on file.

The petition asking permission to grade and improve L street, and signed by Robert McCallen, was referred to the Committee on Streets and Public Property.

The City Assessor, Frank H. West, submitted the assessment roll for 1872, which was received.

Warrants to the amount of $50 were drawn on the general fund for the salary of William Dalton, Street Commissioner.

The claim of Northrop & Drew of $107 02, for the improvement of L street was read, and warrant to that amount ordered drawn on the special fund.

The claim of James H. Frush for $712 89 was allowed, and warrant ordered drawn on special fund for the improvement of G street.

Mr. Lane offered a resolution to the effect that the Assessment Roll for 1872 had been referred, and that proper notice be published that the same would remain open until December 15th, 1871, for the correction of errors in the valuation or listing of property.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

[From the Advocate.]

Eighteen more scholars, at Hall street Sunday School, have signed the Roll of Honor.

The Hall Street Sunday School will have a nice Christmas tree on the 25th at 2 o'clock P. M.

Rev. G. H. Hines, of Oregon City, is decidedly better and strong hopes are entertained of his recovery.

The Sabbath schools of Corvallis, we learn, have appointed committees to make arrangements for a grand union concert to be held some time during the holidays.

Rev. Wm. Roberts, presiding elder of this district, will, on Sabbath next, dedicate the new church at Marshfield. On account of this engagement, his appointment at Astoria for that day is withdrawn.

The noonday prayer meetings held at the Taylor Street M. E. Church, daily from 12 o'clock M. to 1 o'clock P. M., are very interesting and quite profitable. The attendance is very good, but considering the cordial invitation given to all churches to participate, it might be much better.

Any person in possession of information in relation to the early history of the Taylor Street M. E. Sunday School, will confer a favor by communicating the same to J. F. Clarke, Secretary of the school, who is endeavoring to compile for record a complete history of the school from the beginning.

LOCAL BREVITIES.

The *Oriflamme* arrived from San Francisco at 2:15 A. M. yesterday.

The dredger has ceased operations for the year on account of high water.

The feast of the Immaculate Conception—a Catholic festival—occurs to-day.

The Stark street ferry cable parted yesterday and the boat now steers with an honest oar.

The British bark *Barracouta*, from Liverpool, arrived at this port late yesterday afternoon.

The improvements on J street, East Portland, are going on well and will be soon completed.

Judge Arthur, of the 5th Judicial District, is in this city—stopping at the Cosmopolitan Hotel.

Eleven men crossing the river in a small boat Wednesday night, narrowly escaped drowning.

The *Advocate* thinks the forthcoming Lutheran Fair will be a whipping the devil around the lottery stump.

STYLES JUST RECEIVED.—Gilt Parlor Furniture! Easy Chairs in great variety; Boquet Stands, Card Receivers, Wall Pockets, Finished in Gilt, Walnut, Ebony, Wax and Marquetry. Call and see the Woven Wire Mattress at
HURGREN & SHINDLER'S.

As S. L. Stone is closing out at cost his fancy goods, toys and willow ware, this is the last chance to buy cheap.

I say, mister, where is the Postoffice? Why, it is next door to S. L. Stone's cigar and tobacco store.

BUSINESS NOTICE.

REAL ESTATE AGENTS.—Messrs. Parish & Watkins, gentlemen who are well known to citizens, the former being the pioneer in the business, have opened an office at 90 Front street, for the transaction of all matters connected with the business. Call and see them.

FOR THE HOLIDAYS.—By the next steamer will be received at Kast & Richards, Front street, between Alder and Morrison, a large and elegant stock of goods for the holidays. They have a full assortment of winter goods in store and will be happy to see everybody.

Kris Kringle's headquarters is at S. L. Stone's, next door to the Postoffice.

In the New York *Herald* we observe an advertisement to the effect that a whole Funeral can be had for $25. Well, that *is* decidedly cheap; but think of selling suits of Clothing at $18. It is done every day at Kohn & Fisher's, 91 Front street, where they not only sell suits cheap, but it is so in everything they offer to the public.

IT IS AN ESTABLISHED FACT that S. L. STONE sells articles in his line at lower figures than any other house in town. His stock of Watches, Clocks, Silverware, Spectacles is complete. Those buying can easily be suited. Remember the place—Front street, between Morrison and Alder.

S. L. Stone is giving more toys and fancy goods for six bits than any house in town does for one dollar.

THE GRAND DUKE ALEXIS has signified his intention of coming as far west as San Francisco. He will not be able to visit Portland, but he has given orders to J. O'Neil & Co. for a suit of clothes, as he is well aware that at that establishment can be had the best fitting most stylish, and to cap the climax the cheapest suits to be obtained in this city. Not only have they excellent clothing but they have a full stock of Star Shirts, new ties, undershirts, drawers and the famous Quanaco Umbrella. It is unnecessary to say more. Go to O'Neil & Co's, 93 First street, and rest assured you will be pleased with what you see.

Attention, Washington Guard, Co. A.— You are notified to appear at your Armory on Friday evening, 8th inst., at 7½ o'clock, in Full Uniform, for inspection. By order of Brig. Gen'l.

Go where you will throughout the town;
Or even stroll the country round,
The self same notice meets your eye

Also this famous store to see,
Right to the place at once did I
Myself betake his Clothes to try;
And in less time than I can say, sir,
New Clothes I'd donned—the low price paid, sir.

TESTIMONIAL.
We the undersigned having been the recipients of the services of Mrs. M. C. White in teaching the science of Music on the Pianoforte, take pleasure in giving a hearty testimonial that we have employed her in our families as a teacher of her "New Method of Instruction," and that it has proven superior to any method we have ever known. And that although the *first* cost may be a trifle greater than some others, we believe it to be in the aggregate *much* cheaper, beside being a great economy in point of time. We, therefore, take pleasure in recommending her to the patronage of all who may be desirous of obtaining a musical education, as a very superior instructor.
To those who desire to know more about it before increasing any expense, we give a cordial invitation to call at our homes and interview her pupils.

Winter Wisdom.
Warm clothing alone will not protect the body against the consequences of the sudden depression of temperature which is concomitant of early winter. Flannel next the skin preserves the animal heat, but it does not impart animal vigor. That property is the special prerogative of Hostetter's Stomach Bitters, which is therefore a specific protection against a majority of the complaints which are most common at this season. For example, a course of the great vegetable invigorant, commenced now, will be almost sure to preclude chills and fever, bilious colic, disorders of the stomach, constipation and many other complaints which are often the direct or indirect effect of an atmosphere surcharged with cold, unwholesome vapor. Moreover, the system toned and regulated by this means is much more likely to resist pulmonary disease than it would otherwise be; for the influence of searching medicine pervades all the organs, and every fiber and tissue of the frame. Persons whose vital powers are weak, especially invalid ladies and the aged, are earnestly recommended not to face the winter's rigor without having recourse to this safe and sufficient means of re-enforcing enfeebled nature. Much suffering may be escaped, much danger averted by following this council. "Better late than never," is a good proverb, but it is better to be early than late.

NEW YORK
LIFE INSURANCE COMPANY!
PURELY MUTUAL!
ASSETS.......................................$17 000,000!
ISSUED 9,925 POLICIES IN 1870.
Insuring Over $27,000,000!
WM. H. BEERS, Vice President and Actuary.
MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—
1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.
2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful experiment in the method of conducting its business.
3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.
4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indepted for a feature so favorable to the insured.
5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.
6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter: others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.
7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.
8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although EQUITABLY claims, are not LEGALLY so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

FINANCE AND COMMERCE.

THURSDAY EVENING, Dec. 7, 1871.

Exchange on San Francisco, ½@¾ ₩c. prem.; on New York, 1¼ ₩c. prem. Telegraphic transfers on New York, 1½@1¾ ₩c. prem.

Our home [illegible] show no change from previous reports. All regular bank customers obtain all the accommodations required at 1 per cent. per month. Outside rates are equivalent to 1½@2 per cent. per month.

The ship *Good Hope* is laid on at Tacoma, W. T., for Melbourne, Australia, direct, sailing from Tacoma on or about the 25th of December.

Below we give the manifest of the bark *H. W. Almy*, Freeman, master. She cleared from San Francisco Nov. 29th, and will be due next week.

The steamer *Oriflamme* arrived this morning from San Francisco. From passengers we learn that she encountered very heavy weather, but came into port without the slightest injury, which is due to a great extent to the superior seamanship of the Captain.

The steamer *Oriflamme* is advertised to leave for San Francisco Dec. 9th; the *Gussie Telfair*, not arrived yet, for Sitka and intermediate ports, Dec. 9th.

From the San Francisco *Commercial Herald* we clip following changes in the general market in that city:

The increased price demanded for Cotton goods has caused a corresponding rise in the price of Flour Sacks; the demand however is not great at present. Hessians are in light supply and prices nominal.

Chemicals are scarce, with a rising tendency in values, owing, it is said, to light supplies en route.

We note a slight improvement in the price of Grant's Candles, and other standard brands, owing to very light stocks [illegible]

The Coffee market for greens is very flat and prices entirely nominal. The Pana[illegible] brought 600 bags Central American to vario[illegible] correspondents which fact contributes to the general depression, owing to the small demand that now exists.

Arrivals overland are in order—[illegible] on foot, Hogs dressed, Dry salted Meats, etc., all reaching us in quantities by the Pacific Railroad. Butter, Cheese and Eggs also [illegible] train with considerable volume. Two contracts for Cincinnati Sugar-cured Hams may be noted, each 20,000 lbs, said to be of superior quality. It is charged that there are several fictitious brands of Eastern Meats now being sent to this market, and our informant writes us that the practice is becoming quite prevalent, resort being had to this [illegible] practice for the purpose of working off poor stock. Some of the meats now reaching us overland have met with detentions on the route [illegible] the [illegible], however, is good for the season, though a slight falling off in demand is noticeable. Iowa Hogs are now offering upon contract; to arrive, at 6⅝c.

Holders of Rice are beginning to exhibit signs of weakness—more anxious [illegible] as the season wanes. Prices shade off a little with but a moderate demand.

Owing to the increased cost of the raw materials, our local soap factories are somewhat crippled in their operations. Holders of French Castile continue firm in their demands, owing to diminished stock and light imports [illegible] [illegible] new and old [illegible]

[illegible] Wood's [illegible] bags and mats. [illegible] 12c. [illegible] year, after which [illegible] take place, and the [illegible] [illegible] fibres.

There is rather [illegible] in the C[illegible] market since the contract [illegible] to the City Hall.

AND

European and Oregon Land Co.,

PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant filing in this office a claim in the form prescribed, to wit:

Pre-emption, date, No. ——

To the Land Agent of the European and Oregon Land Company:

SIR: You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said land at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market: provided such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, No. ——

This is to certify, that of county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the abovedescribed land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

CONTEMPTIBLE!

THE POPULARITY WHICH THE

OAHU BITTERS!

Are rapidly acquiring has induced certain jealous parties in the darkness of night to cover up the Posters of these Bitters with those of their own through the city.

All may see in this act the stooping attitude of humbug.
